

Once this extension is installed, you will have the power to make ChatGPT search the internet. After installing this extension, this is what the ChatGPT website looks like to you.

Chat GPT website

With WebChatGPT installed, ChatGPT gains internet search capabilities.

Now, you can access all the paid version features without paying for them. Let's see if this happens. You ask ChatGPT to gather some information about yourself from the Internet.

Access all the paid version features without paying for them

Gather information about yourself from the Internet.

This is the response you got.
