

10.2 Sales

Some things that sales professionals can use ChatGPT for are:

Sales emails

Cold calling scripts

Cold email outreach

Building sales collaterals

Sales deck

Objection handling

Sales playbook

ChatGPT to draft a sales pitch Let's see how ChatGPT can supercharge your sales operations. Once again, open a new chat on ChatGPT whenever you start a new task since you do not want ChatGPT to consider any of your previous prompts while responding to the new task. It's recommended that you make this a habit as well.
