Import a file

Transform or enhance existing docs and presentations

Let's click on generate and further put a prompt about how to be more productive. Then, Gamma will generate an outline when you click the appropriate button.

Prompt

Outline

1 Introduction to Productivity

2 Identifying Time Wasters

3 Setting Achievable Goals

4 Prioritizing Tasks

5 Minimizing Distractions

6 Leveraging Productivity Tools

Generates an outline when you click the appropriate button

8 cards total

Continue 40 →

This is a very interesting outline. You can also edit one of the headings, add a new heading, delete a heading, or rearrange the headings.
