

Let's look at another tool for this purpose- Synthesia. Although, this is a paid tool though it is very interesting to see how it works. You simply have to go to synthesia.io.

This is a paid tool, but they give you a free preview.

Click on Generate Free AI Video

You entered the following script: 'Let me tell you about what is Generative AI. It is a form of AI technology which can generate text, audio, video and images. Just like the one you are seeing right now. I am a talking avatar.'
