

3.2.2 Prompting

You also require skill in prompting techniques, which will be covered in depth later. Prompting is a way to give instructions to LLMs. There are various methods for prompting, such as zero-shot Contextual prompt and Act-as prompt. These methods are explained in the following subsections.

Zero Short Prompt

Can you give me a social media poet for a new line of organic lipsticks

Contextual Prompt

Can you now give me a social media post for organic lipstick? But in the scenario, my organic lipstick is made from natural ingredients, has over 20 shades, is available in almost every leading store and online marketplace right now, and my target audience is is 25-25-to to 35-year-old 35-Semales from urban cities?

Act As Prompt

Act as a marketing head who has been working with multiple beauty brands and helped them grow significantly. Write a social media post about the organic lipstick brand
