WHERE ARE THE OPPORTUNITIES LIKELY TO BE?

People who are interested in targeting the wealthy need to know the geographic distribution of the opportunities available. Note that earlier in this chapter we provided estimates by state of the number and total dollar value of estates in the \$1-million-or-more category (see Tables [7-3](#) and [7-4](#)). But keep in mind that for every estate in the \$1 million or more category, there are about forty millionaires who are still alive. Thus, for many people who wish to market to the affluent, living millionaires are the more important of the two groups.
