

stones. The Fastlane is about building a better system, a better contraption, a better product, or a better “something” that will *leverage* your work. In the Slowlane, you are the source of heavy lifting, while in the Fastlane, you construct a system that does it for you.

On your wealth road trip, the Slowlane roadmap asks that you endure a long, tiresome walk to wealth. The toil of wealth is the process itself. In the Fastlane, wealth is driven in a business system you create—the toil is the creation and management of the system itself.
