

## BAKE A CAKE WITHOUT SUGAR?

Why did this book take me so long to write? I spent two years wishing and thinking positively about it. I let the Law of Attraction do the work. I asked the universe for this book. I was open to it. I saw it before my eyes. I even snapped a picture of a bookstore shelf and Photoshopped my book on the shelf. What happened?

Absolutely nothing. Nada. Zilch. The universe never gave me my finished book. The fact is, despite all my positive thinking and meditations to the universe for my book, it never materialized until I sat my butt down in a chair and started to write it. I made a coordinated commitment to ACTION, a conscious choice, and then a commitment to that choice in the form of massive action.

If you're a Law of Attraction fan and find this critique offensive, that's OK; I didn't write *The Millionaire Fastlane* to make friends or to book speaking engagements about being a positive thinker. I wrote it to tell you exactly what you need to do to get rich. Thinking never made anyone rich, unless that thinking manifests itself into consistent action toward application of laws that work.

In fact, I find it insulting that someone might assume my success is due to positive thinking. I'm a realist who understands human nature, and that nature is to take the path of least resistance. It doesn't surprise me that these "attraction" books sell millions. The books that promise the easiest roads to wealth do well because, like sex, easiness sells. *Events of wealth sell. Process does not.*

Yes, positivity is favored over cynicism. Belief is the starting point to change. Visualization is crucial. Yes, if you don't believe you can do it, I've got news for you—you can't. This stuff isn't new, it's OLD. While The Law of Attraction is a nice hammer in the toolbox, its flaw is that it ignores the real secret behind wealth, the real secret that transcends all wealth, all people, all cultures, and all roads—and that is the Law of Effect. The "Flaw of Attraction" is that it ignores mathematics.

## THE LAW OF EFFECT: THE FASTLANE PRIMER

The Law of Effect states that *the more lives you affect in an entity you control, in scale and/or magnitude, the richer you will become*. The shortened, sanitized version is simply: Affect millions and make millions. (Grammarians, I can hear you screaming. Relax. I know the difference between "affect" and "effect." I'm using "effect" as it appears in *Webster's Revised Unabridged Dictionary*, published in 1913 by C. & G. Merriam Co., as a noun meaning "creation; a doing.")

A while ago, I wrote an article titled *The Shortest "Make Millions" Article Ever Written*. Guess how long the article was? A paragraph? Maybe a sentence or two? Nope. Just two words. And those words? *Impact millions. Impact millions and make millions*. It doesn't get any simpler than that!

In other words, how many lives have you touched? Who has benefited from your work, your assets, and your handiwork? What problems have you solved? What value are you to society? If you're working the front desk at a hotel, you
