

Law of Effectation doesn't care about roadmaps or time trades or anything but the mathematical power of large numbers. Make a giant impact a few times or make a small impact millions of times.

Joe Magnitude owns a company that develops commercial real estate. He develops 14 office complexes and partitions the offices into condos. Each fully sold complex profits him \$400,000. $14 \text{ (scale)} \times \$400,000 \text{ (magnitude)}$ equals \$5,600,000.

Joe Scale writes a book detailing a diet of the stars. He sells 8 million copies (scale) and earns \$7 per copy (magnitude). He earns the same amount: \$5,600,000.

The closer you get to the source of large numbers, the closer you will get to wealth. To serve millions is to make millions. *Think big to earn big.*

CHAPTER SUMMARY: FASTLANE DISTINCTIONS

- The Law of Effectation states that the more lives you affect or breach, both in scale or magnitude, the richer you will be.
- Scale translates to “units sold” of our profit variable within our Fastlane wealth equation. Magnitude translates to “unit profit” of our profit variable within our Fastlane wealth equation.
- The Law of Attraction is not a law, but a theory. The Law of Effectation is absolute and operates exclusive of a roadmap.
- All lineages of self-made wealth trace back to the Law of Effectation.
- The Law of Effectation's absoluteness comes from direct access and control (you are the athlete) versus indirect access (you are the athlete's agent).
- To make millions you must serve millions in scale or a few in magnitude.
