

To use WADM, a minimum of two choices is needed, but it could be used for more. Let's say you do indeed live in Detroit and are considering moving to Phoenix. You struggle with the decision and can't get clarity. One day you want to move, the next you want to stay. Usually, this waffling occurs when there are too many decision factors within each choice.

[illegible]

Second, what decision factors are important in your decision? Weather? Schools? Cost of living? Being near family? Write down all factors relevant to the decision, no matter how small. Write these factors in the “Factor” column. Your WADM would now look like this:
