

- Scale is achieved in reach (units sold) and/or magnitude (unit profit).
- The Law of Effectation is the primary conduit to wealth, which can be road-blocked by scale, magnitude, or source.
- Effectation consequences trickle up to owners and producers. Breaking scale or magnitude indirectly in an uncontrolled entity is not a guarantee of wealth.
- To gain access to Effectation, you have to break the barrier of scale or magnitude in an entity you control.
- Scale, magnitude, or source deficiencies create governors on the speed of wealth creation.
