

The Commandment of Time

*I am long on ideas, but short on time.
I expect to live only about a hundred years.*

~ THOMAS EDISON

BREAK THE BINDS THAT TIE

The final Fastlane commandment is the Commandment of Time. The Commandment of Time requires that your business detach from your time. Can your business substitute for you and blossom into a money tree? Passive income is a Fastlane objective that comes from the Commandment of Time.

N - E - C - S - (TIME)

Remember this: *Owning a business doesn't guarantee wealth or detachment from time.* Some business owners are married to their businesses because their businesses violate the Commandment of Time. The business ostensibly becomes a job and a lifelong prison sentence. While giving up your heart and soul for a business is perfectly normal in startup, growth, and maturation stage, it isn't a prescription I'd want to endure for 40 years. The Commandment of Time asks:

- Can this business be automated and systematized to operate while I'm absent?
- Are my margins thick enough to hire human resource seedlings?
- Can my operation benefit from the introduction of a money tree seedling?
- How can I get this business to operate exclusive of my time?
