

parents said Santa Claus was real and we believed it. We left cookies, we looked out the window for the flying reindeer, and we wondered how he got his big butt down the chimney. We believe what we're taught until we gather evidence to the contrary.

Your belief system acts like a roadmap, a compass that, if errant, can lead you to a lifetime of detours. Fictitious beliefs are lying roadmaps; they escort you down dead-end roads where "Wealth: Next Exit" never happens.

THE THREE FINANCIAL ROADMAPS TO WEALTH

Plotting your course to wealth and building your process starts with an examination of your current financial roadmap and the alternatives. There are three financial roadmaps:

The Sidewalk Roadmap

The Slowlane Roadmap

The Fastlane Roadmap

Within these three roadmaps lies a psychology, a belief system that dictates actions relative to each roadmap. More importantly, each roadmap operates within a "universe" governed by a mathematical "wealth equation." Whatever roadmap you choose, your universe for wealth creation will abide by each map's respective wealth equation. Additionally, each roadmap is naturally predisposed toward a specific destination. Those predispositions are:

The Sidewalk >— Poorness

The Slowlane >— Mediocrity

The Fastlane >— Wealth

Whichever financial roadmap you follow will predispose you to the destination inherent in the roadmap—the roadmap's "true essence."

What is true essence? If you play blackjack and win 15 consecutive hands, you violate the true essence of randomness. The natural state of randomness is to not deliver 15 wins in a row. When a wild African lion is tamed to perform in a Las Vegas magic act, the lion is trained to violate its true essence. The lion naturally wants to be wild, to hunt, to kill, to feed, to mate. The lion wants to revert to its natural self, which is why some flamboyant magicians get their heads bitten off. You have to be special to bend the laws of true essence.

Similarly, the roadmaps each possess a true essence that leads either to poorness, mediocrity, or wealth. For example, if you follow the Sidewalk, you'll likely end poor. While wealth is possible using any of the maps, finding it via a roadmap not predisposed to wealth is improbable.
