

Schedules

The schedules detail pertinent information about the items of Balance Sheet and Profit & Loss Account. It also details information about sales, manufacturing costs, administration costs, interest, and other income and expenses. This information is vital for the analysis of financial statements. The schedules enable an investor to determine which expenses increased and seek the reasons for this. Similarly, investors would be able to find out the reasons for the increase or decrease in sales and the products that are sales leaders. The schedules even give details of stocks and sales, particulars of capacity and productions, and much other useful information.
