

Net current assets	<u>400</u>	<u>450</u>
--------------------	------------	------------

Samudra Fisheries thus had net current assets of Rs. 450 lakh. This means it had Rs. 450 lakh left after meeting its current obligations.

This means that working capital should increase by 21.25% to support every increase in sales. Thus, if sales were to increase by Rs. 1 crore, working capital would need to necessarily increase by Rs. 21.25 lakh.
