

If you could spend \$50 on something you'd enjoy every day, what would you spend it on?

Examples:

- » Buying a beautiful coffee mug that you can use every morning
- » Buying an extra laptop charger for your bedroom
- » Getting a nicer trash can so you don't have to bend over to open it

Take a look around at each room in your house to give you more ideas.

THE \$50 SPENDING CHALLENGE

Take \$50, if you can spare it, and spend it on a meaningful gift for someone you love this week. Then write about how it went and how it felt to see their reaction.
