

Once you've answered those, you should next work on answering these five questions:

1 What's my debt payoff date? (If you're not sure, you can search online for a "debt payoff calculator.") _____

2 When will I have \$100K/\$1 million? _____

3 When will investments generate more than salary? (You can search online for a "compound interest calculator.") _____

4 Which Money Beliefs have I changed in the last five years?

5 How can I adjust my Money Dials to build my confidence?
