

Approximate market capitalizations in parentheses:

Micro cap

Small cap

Mid cap

Large cap

For example, a mutual fund that invests in large-cap companies that are in strong financial shape but have recently seen their share prices fall would be placed in the upper left quadrant of the style box (large and value). The opposite of this would be a fund that invests in start-up technology companies with excellent growth prospects. Such a mutual fund would reside in the bottom right quadrant (small and growth).
