

2. you own one house as the roof over your head, and no more;
3. you have your PF and PPF, and no other debt products, no FDs, no corporate deposits, no chit funds;
4. your debt allocation is equal to your age; at age thirty, no more than 30 per cent of your portfolio is in debt products; at age seventy no more than 70 per cent in debt products; the rest is equity.
