

Five Steps to Financial Wellbeing

Having a difficult relationship with money does not mean that you are:

- Lazy or workshy
- Irresponsible or untrustworthy
- ‘Silly’ or unintelligent
- Greedy or superficial

It might mean that you:

- Have unresolved issues from the past
- Haven’t taken the time to assess your priorities
- Were never taught how to manage money
- Have made some poor decisions

There’s no such thing as ‘bad with money’

When I started engaging with the world of personal finance, especially on social media, I was drawn into the world of money bloggers and self-proclaimed personal finance experts. This space is absolutely choc-full of useful information, often portrayed in ways that are easier to access and digest than more traditional media. In fact, part of the reason that these communities have grown and thrived so much is that the world of traditional finance is (rightly, in my opinion) perceived as stuffy and inaccessible, built for people who already have a lot of money and just need to decide what to do with it. Certainly, that’s the way that I had always felt about those
