

Investor profile

NAME: Jamie (pseudonym)

AGE: 27

JOB: Business owner and professional basketball player

1. What does your portfolio look like?

5 per cent in US Real Estate VNQ, 11 per cent Emerging Markets Stock ESGE, 34 per cent Developed Markets Stock ESGD, 39 per cent US Stocks SUSA, 3 per cent US Bonds BND, 3 per cent Global Bonds BNDX, 5 per cent Bitcoin.

2. When did you begin investing?

February 2021 with \$500 USD in the Bumble IPO. Why? Youngest female CEO to take a company public, with her son on her hip, feminist dating app, putting the power in the hands of women, need I say more?

3. What stopped you from investing; were there any barriers you had to overcome?

The investing community seemed so unapproachable for me, too difficult to understand, and living in Jordan trying to find ways to invest made it even more difficult.

4. Any tips for new investors?

When you invest, it's like hiring your money as your employee and the money's job is to create more money for you.
