Sukanya Samridhi Scheme (SSS)

This is one of the most recent schemes launched by the government of India. The scheme - Sukanya Samridhi Yojana (SSY), also called as Sukanya Samridhi Scheme (SSS), was launched in January 2015.

An SSY account can be opened only by the parent or guardian in the name of a girl child not more than 10 years old.

An SSY account can be opened in any post office or designated branches of PSU banks. A parent can open only one account per girl child and for a maximum of two daughters. The natural or legal guardian of the girl child shall be allowed to open third account in the event of birth of twin girls as second birth or if the first birth itself results into three girl children, on production of a certificate to this effect from the competent medical authorities where the birth of such twin or triple girl children takes place.

The minimum investment is ₹1,000 and the maximum investment in a financial year is ₹1.5 lakh and deposits can be made for 14 years after opening the account. Also, the combined investment in the two (or more) accounts cannot exceed ₹1.5 lakh a year, on the same pattern as PPF.

A penalty charge of ₹50 will be levied in Sukanya Samridhi Account if the minimum contribution is not made every year. There is no limit on number of deposits either in a month or in a financial year.
