Fig 7.8 : Inputs to Special Events

Take your time here. Review your input data in all the three worksheets. There is no hurry. A well made plan is half the job done. Give the needed time to collate the required information.

Having entered the data in all the three worksheets of Step 3, we are now in a position to calculate the Step 3 results. These Step 3 Results will tell you the Nest Egg Amount and the time needed for financial freedom. So, here we go right away:

Result Calculation

Option 1 : Automated Calculation

This is the preferred mode of calculation since it is not only accurate, but also error free and extremely fast. With the inputs in all the three worksheets already fed in, you need to just enable excel macros in your machine, and press just 'one' button, and that's it. You are done.

Fig 7.9 shows how to use the automated option for Step 3 Results Calculation after having entered all the input data in the three worksheets. It is just one click of a button. As soon as you click the button, it may take a few seconds for the macro to run and display your results. The Step 3 file can be downloaded from the Freedom Portal and used freely.
