

Go for It!

Never give up. You only get one life. Go for it!
— **Richard E. Grant**

Now that we have come to the end of the book, I would like to conclude by giving you a few success pills that will help you in shaping and cruising through your own journey successfully. You have to do your own thinking and chart your own way. My journey was my way of handling my investments. You may follow the same path or you may define a path that works best for you.

KISS

KISS stands for 'Keep It Simple, Silly.' Financial terms and jargon can appear to be complex and intimidating at times. However, let me assure you once again that you do not need anything more than a logical mind to figure out what is happening around you, and then take appropriate decisions of your own to learn and earn as you progress.
