

6. Investment

The process of putting money into something with the expectation of gain, which upon thorough analysis, has a high degree of security for the principle amount, as well as security of return, within an expected period of time.

7. Millionaire

An individual whose net worth or wealth is equal to or exceeds 1 million units of currency. It can also be a person who owns one million units of currency in a bank account. Depending on the currency, a certain level of prestige is associated with being a millionaire, which makes that amount of wealth a goal for some, and almost unattainable for others. Globally, a millionaire is associated with a net worth of 1 Million USD.

8. First Generation Millionaires

Those millionaires who earned their money on their own, rather than by inheritance.

9. Debt

An obligation owed by one party (the debtor) to a second party (the creditor). A debt is created when a creditor agrees to lend a sum of assets to a debtor. Debt is usually granted with expected repayment in modern society, in most cases, of the original sum plus interest.

10. Bank

A financial institution and a financial intermediary that accepts deposits and channels those deposits into lending activities, either directly or through capital markets. A bank connects customers with capital deficits to customers with capital surpluses.

11. Interest

The charge for the privilege of borrowing money, typically expressed as an annual percentage rate. Interest is commonly calculated using one of two methods: simple interest calculation,
