I sincerely want you to be financially free so that you can get the time to contribute in your own way to make this world a better place to live in.

Let us now go ahead with learning some essential financial concepts. Some of these concepts may seem very simple for some of you but keeping the general reader in mind, it was important for me to present these concepts at this stage. This book is especially focused on the reader who has long-term plans for financial freedom. Even if you are comfortable with any specific topic, it is still recommended that you go through them to get the right perspective of money and investments as we proceed further in the book.

Knowledge of these fundamental concepts not only helps us to invest wisely the first time, but also allows us to correctly track the returns coming
