

sex energy into the energy of their individual accomplishments.

Sex energy and the "sixth sense"

Because it is strongly allied to the ego, sex energy can lift brain action far above its ordinary limitations. A great orator used his sex energy to give him climactic ideas with which to sway his audiences. A great scientist used the same dynamic force to solve the problems of invention. In essence, sex transmutation is the ability to switch a desire for physical contact to a similar desire for expression in some other field. This transmutation in no way interferes with the natural sex act.

A lesson to learn while you are young

Most men do not become really successful till they are past the age of forty. Their success often is delayed because in their earlier years they placed too much value upon the physical expression of sex and never realized how much it could add to their money-making power. Sometimes a woman must point out to her husband that sex energy has significance beyond the marriage bed. In a well-rounded life that knows the partnership of love, the physical act of sex becomes both a source of happiness and a source of strength that builds a career.

To Succeed in Life, Succeed in Being Yourself

Only the man who has found his true self can know himself, find his own best talents and achieve his own high success. We need to live our own lives, and this attitude should be instilled in childhood. With being yourself comes self-control, a mighty source of strength in handling both circumstances and people. Beware lest in trying to pile dollar upon dollar you give up too much of yourself, for that man is truly rich who owns his own mind as well as his own fortune.

"*LIVE* your own life!" I said in the first chapter. Now, as planned, we return to the same great theme. I hope
