W. Kip Viscusi and Richard J. Zeckhauser, "The Denominator Blindness Effect: Accident Frequencies and the Misjudgment of Recklessness," ssrn.com (October 2002). The paper looked at the impact of this phenomenon on jury awards for punitive damages. As you might guess, this bias played a significant role. But the concept is just as applicable to economics, markets, and portfolio management.

126 Dan Gardner, *Risk: The Science and Politics of Fear* (Macfarlane Walter & Ross (September 29, 2015).

127 Barry Ritholtz, "Don't Be Blinded By Big, Scary Numbers," Bloomberg (October 14, 2015).
