

SECTION 3: STOCK SHOCKS

It's so much fun talking individual stocks! Watching as they rise and fall and rise again in the markets. As investments, they are *collectively* great.

In this section, we will focus on the numbers behind the individual companies. In particular, why finding the right stock to buy and figuring out how long to hold on to it is tough, and why recognizing when it is time to sell is so challenging.

Let's jump in.
