

(September 14, 2008).

323

Six months after this was published, I looked back and annotated the column. I found 55 specific sentences that were either factually false or made predictions that turned out not to be true. Other than the September 14 date on the column, there was literally nothing in it that proved to be accurate. Barry Ritholtz, “REVIEW: Quit Doling Out That Bad-Economy Line,” *The Big Picture* (March 13, 2009).
