

## BUILD YOUR SKILLS: CREDIT

Please answer the following questions. Answers can be found in the back of the book.

1. What is the main thing that is going to hurt your credit score, especially when you are young?
2. Why do lenders use a credit score when they are offering someone a loan?
3. Explain to a friend, family member, or random stranger how blemishes on your credit report will affect your ability to borrow money, and how they can end up costing you much more money over time. Be sure to use the key terms *credit report*, *credit score*, and *APR*.
