

from each paycheck. Unfortunately, he had not budgeted for that \$8,000 bill he received come tax time, and he had to get on a payment plan with the IRS to pay what he owed.

Don't be like my buddy. If you want to avoid owing too much money when you file your taxes, visit [www.irs.gov/W-4app](http://www.irs.gov/W-4app) and use the estimator to make sure you have the right amount withheld from your paycheck. Your W-4 can also be changed at any time, so if you do realize you've made a mistake, change it immediately rather than waiting for the next year.
