

If you are keen, these are some of the best, easiest-to-use websites that connect homeowners and sitters:

- **Mindahome:** mindahome.com.au
This site specialises in house-sitting jobs with pet care included.
- **Your Home My Home:** yourhomemyhome.com.au
The ability to easily search for properties by vacancy dates, and a concierge contact for if something goes awry, are perks of this company.
- **Aussie House Sitters:** aussiehousesitters.com.au
Lots of public testimonials from sitters on this site will give you a sense of their experiences.
- **Happy House Sitters:** happyhousesitters.com.au
Another site for animal-lovers – a property and a pet is a package deal here, and a free registration period is available if you're dipping your toe in the water.
